

About Handan: Having lived and worked in North Cyprus for 7 years, Handan returned to the UK in 2012 with only one thing in mind: To be successful in something she loved and to create a life she aspired to. Handan fell in love with Nu Skin's products first whilst using them at her beauty salon in Northamptonshire. At that time she was working crazy hours, not seeing her family and was frustrated with the restrictions on her income. At the beginning of 2015, Handan decided to get serious and started to share this incredible opportunity with as many people as she could, and dedicated every spare moment she had to doing that. Within 6 months she had trebled her income from the beauty salon and realised the true potential of this amazing business. Handan closed her salon in July 2015 for good, and is loving their life, the freedom and the choices that only this business can give you.

Handan Lewis

- How has Nu Skin positively impacted your life? I now have the flexibility to work around my family commitments whilst building an amazing business. My favourite part is getting to share this with others and watching it change their lives. I have always dreamed big and Nu Skin has given me the vehicle to make those dreams become a reality.

- How do you deal with fear of failure? Very early on while building my business I learned to discipline my disappointment, and to not take it personally when things don't go as planned. I also think it is really important to take time to reflect on how far you've come and to give yourself a pat on the back.

Random Trivia: My postman always giggles when delivering parcels and asks me if they are another pair of shoes! My absolute weakness ;-)

"Don't wish it were easier, wish you were better."

- Jim Rohn
